

BUILDERS CIRCLE

Join the Builders Circle to take advantage of exclusive opportunities to engage with Artspace projects and artists, and to help us build the next generation of affordable creative spaces for artists and their families.

Artspace relies on the steady support of individuals like you, who share our vision of building better communities through the arts.

One of the most rewarding benefits of support at the Builders Circle (\$2,500+) level is the opportunity to travel to national destinations with fellow Artspace enthusiasts. Recent trips include New York City, where members were able to privately tour El Museo del Barrio and The Studio Museum in Harlem, as well as attend a private reception at El Barrio's Artspace PS109 and meet several of the resident artists. In Seattle, members got a private tour of the Wing Luke Museum in Chinatown, attended a gallery walk in the Tashiro Arts Building followed by a salon with artists where members learned how long-term artist residency breeds success at Tashiro Kaplan Artist Lofts, toured live/work artist studio spaces at Artspace Hiawatha Lofts, and attended a BBQ on the rooftop of Artspace Mt. Baker Lofts with a performance by resident artists. Upcoming trips are being planned for New Orleans, Memphis, California, and Texas.

BUILDERS CIRCLE BENEFITS

- ▶ Exclusive travel opportunities to visit Artspace projects, meet resident artists, and experience like-minded cultural organizations
- ▶ Receive special recognition in the Annual Report
- ▶ Advanced communications from Kelley Lindquist, Artspace President
- ▶ Invitations to Artspace events including an annual event, ground breakings, and grand openings
